The turn of the wheel

Through the KEY we hope to retain a history of the "70-71" school session. Because we know it is impossible to recapture each student's special moments we have to record the main events of the past school year. The time and effort spent on learning, the fun of sports and activities, and all the little things which make up memories that will last a lifetime, are preserved forever in this book and in our hearts.

Life at Pleasant can be compared to a wheel. The hub of the wheel represents the school itself as the focal point of learning. But a hub does not constitute a wheel, for it must have its other components before it can serve a useful purpose. Each phase of school life is symbolized by the spokes, which are fastened to the hub and encircled by the rim, that represents the year "71". Now let's follow the path of the 1971 student life and activities of Pleasant High School, as the wheel turns...

Senior Class of 1971 achieves status as upperclassmen

The long awaited goal of the Class of 1971 became a reality when they began the 1970-71 school year as seniors. The success of the senior class was immeasurable, and by working together throughout

four years of high school, they gained much respect and admiration from underclassmen. The class of '71 will be remembered at Pleasant for many years to come.

Upperclassmen make most of final year at Pleasant High

Although their senior year involved crowded schedules and much hard work, the class of '71 found it an enjoyable one. Extracurricular activities took up a major part of

the seniors' spare time. All types of sports and intramurals, band, chorus, speech, and debate were a few of the activities in which the seniors participated.

Variety of courses prepares seniors for future careers

A variety of courses ranging from physics to home economics filled the seniors' last year as they prepared for the future. With a solid base for the future, spreading from col-

Graduating class of 1971 takes first steps into future on May 23

Both happy and sad moments were experienced by the class of 1971 during graduation exercises on May 23. Graduation served as the crowning point of all their high school dreams as the seniors

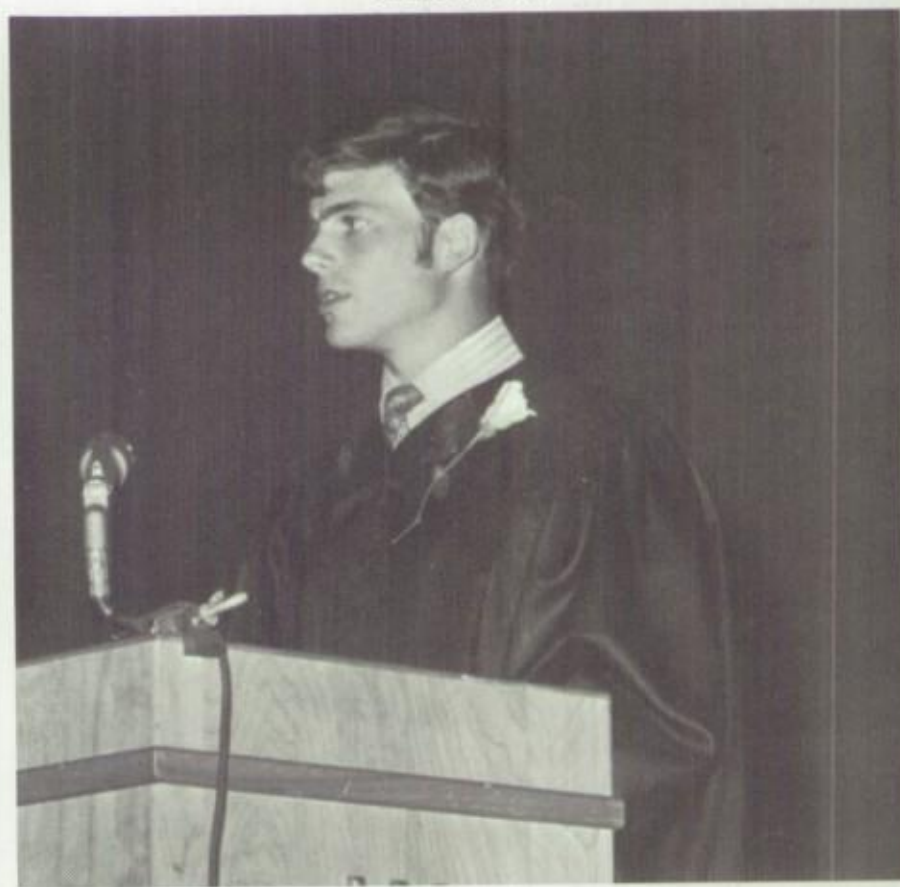

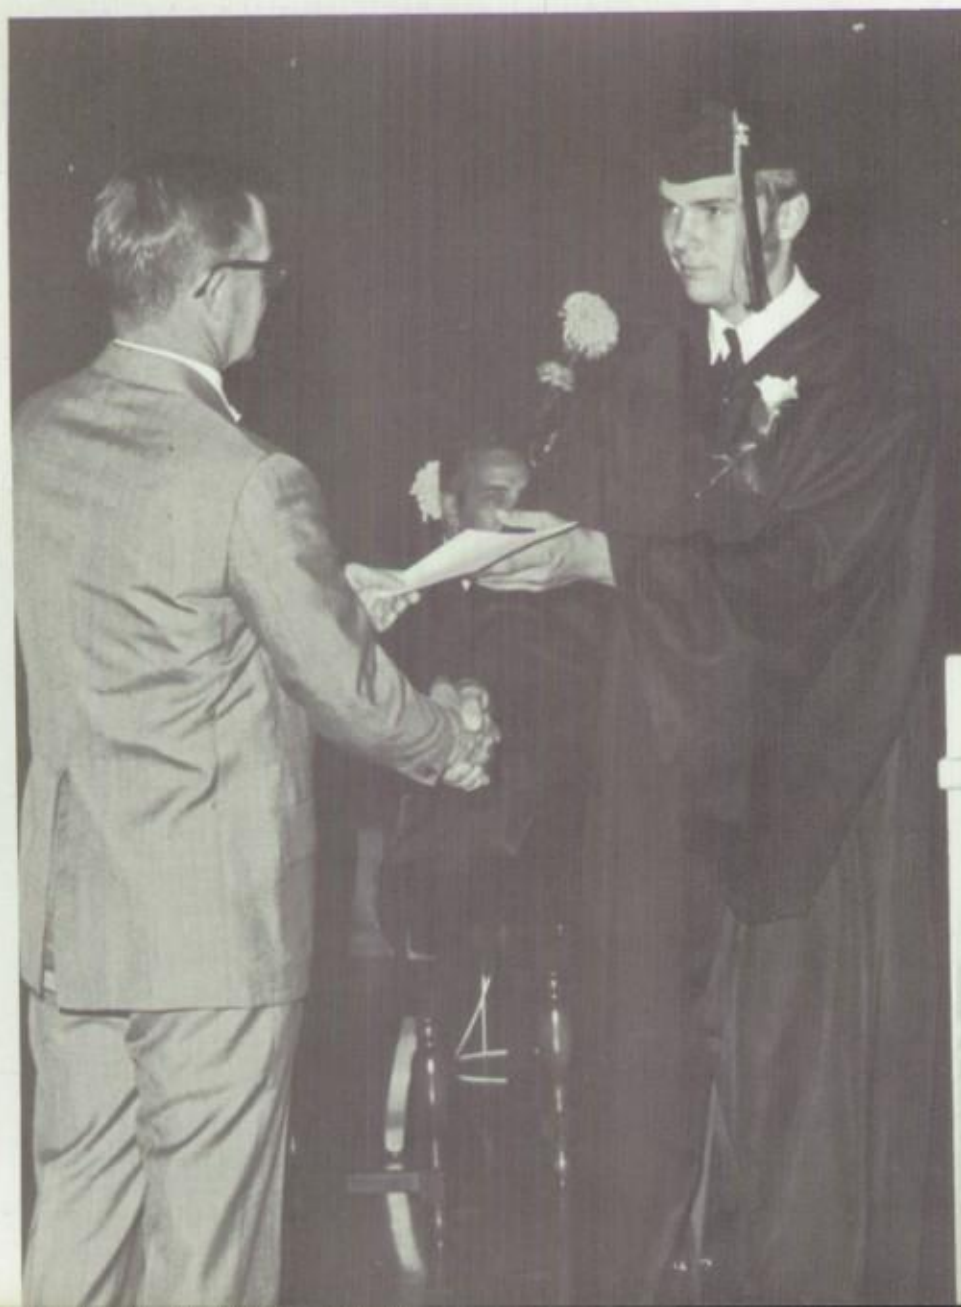

advanced into the future bearing the motto, "We have the power to make this the best generation in the history of mankind or to make it the last."

QUEEN TAMMY CROWNED; SPARTANS VICTORIOUS!

Newly crowned Queen Tamara Rice and her court preside over Homecoming activities beginning Friday night October 16 with a 14-0 victory over Riverdale's Falcons. The Pleasant High School Marching Band provided delightful half-

time entertainment with the theme of "Oh You Beautiful Doll." The following evening, "Heavy Labour" produced the musical atmosphere for the dance theme of "Walking in Space."

Our Hearts Were Young And Gay

This year the Drama Club, under the direction of Mrs. Marion Gemmill, presented OUR HEARTS WERE YOUNG AND GAY. The play, written by Cornelia Otis Skinner and Emily Kimbrough, was set on board a steamship and in a hotel room in Paris during the early 1920's. The play was written about the adventures and acquaintances surrounding the two girls.

After many long hours of rehearsal, the play was performed "in the round."

Student Council presents its Eighth Talent Show

On April 23 and 24, the eighth annual Talent Show was presented by the Student Council. A variety of talent was displayed by the students. A group of ten judges selected "The Beauty Shop Quartet" as first place winners. Second

place went to the "South Sea Singers". The "Spartan Spirit Band" marched off with third place, and the "Flappers", the boy's chorus line, received fourth place. "The Method" took fifth place.

*Odyssey of the Orient comes to
life at the Junior-Senior Prom*

The class of 1972 presented an atmosphere of the Orient. The mood was set by such decorations as Buddahs, Ming trees, and Japanese lanterns and rock gardens. The food was also traditional of the Orient ranging from such delicacies as sweet and sour pork to fortune cookies. A dance from nine until twelve began the evening with the Al Wayne

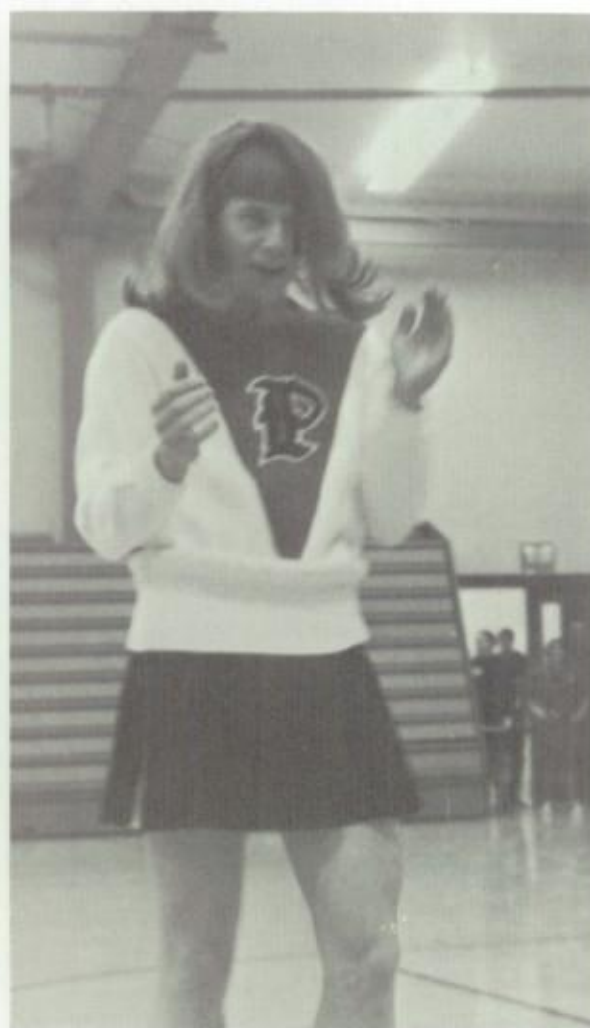

Band providing the music. After the dance the participants journeyed to the Palace Theater to see the movie "My Fair Lady." After the movie, bowling and pool were provided by the Plaza Lanes to all couples interested.

All together the Oriental influence made the evening most enjoyable.

Entertainment Student Council's

During the 1970-71 school year, the students of PHS were occasionally entertained by assemblies. The first assembly the Student Council presented was an educational one. It was entitled "This Atomic World."

On December 18 the annual Christmas program was presented. The Concert Band and Chorus, under the direction of Mr. Dan Mitchell, supplied the appropriate seasonal music. The Speech Class completed

the program by enacting "How the Grinch Stole Christmas."

The first assembly of 1971 was a trip around the world following the course of the Portuguese explorer Ferdinand Magellan.

Other assemblies of '71 featured the Elgin Concert and Dance Bands, a family of Belgium gymnasts, and pep rallies. The year was quite enjoyable thanks to the presentation of assemblies.

SCHOOL LIFE

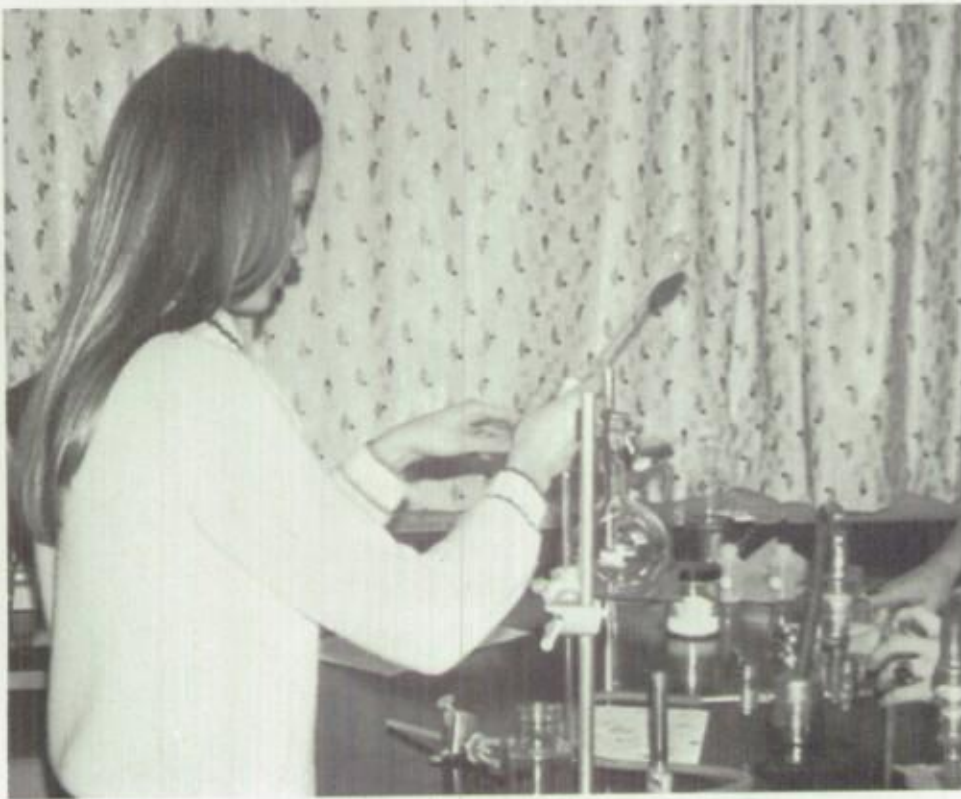

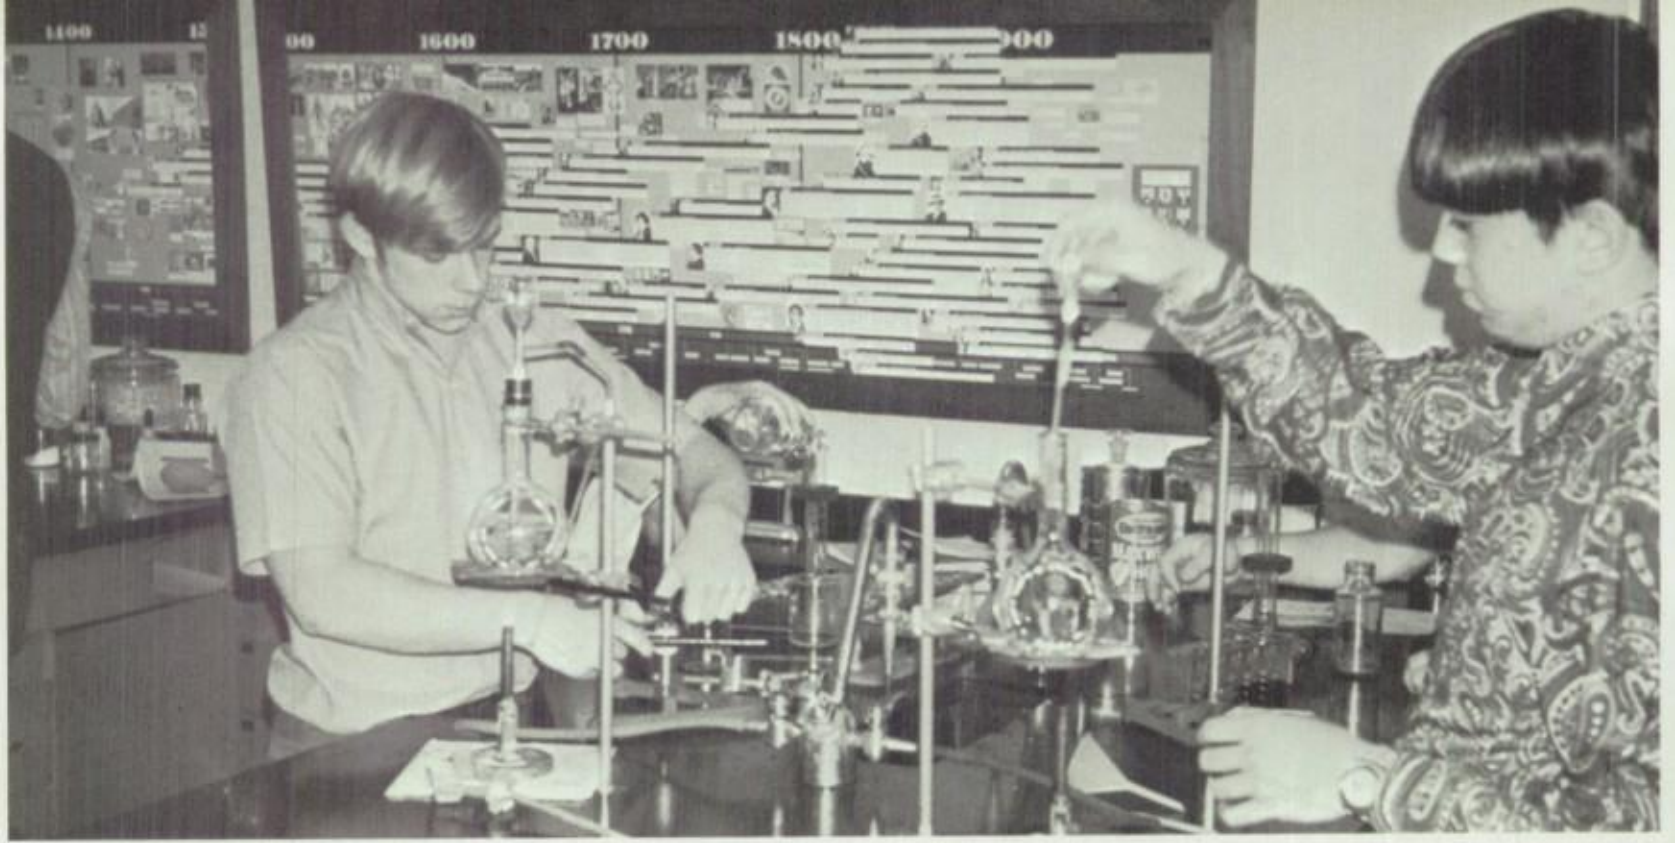

A school building is constructed of steel and cement, strong and permanent, but it is designed to accommodate an ever-changing flow of students. Year after year buses empty their loads each morning, and people stream in waves into the hallways and classrooms. To the rhythm of bells, tides of people wash in and out of the rooms and corridors and fin-

ally back to the buses leaving the building empty. Carl Sandburg in his poem "Skyscraper" says "It is the men and women, boys and girls so poured in and out all day that give the building a soul of dreams and thoughts and memories." As each personality contributes to the whole of Pleasant's soul - that abstract thing we call school spirit.

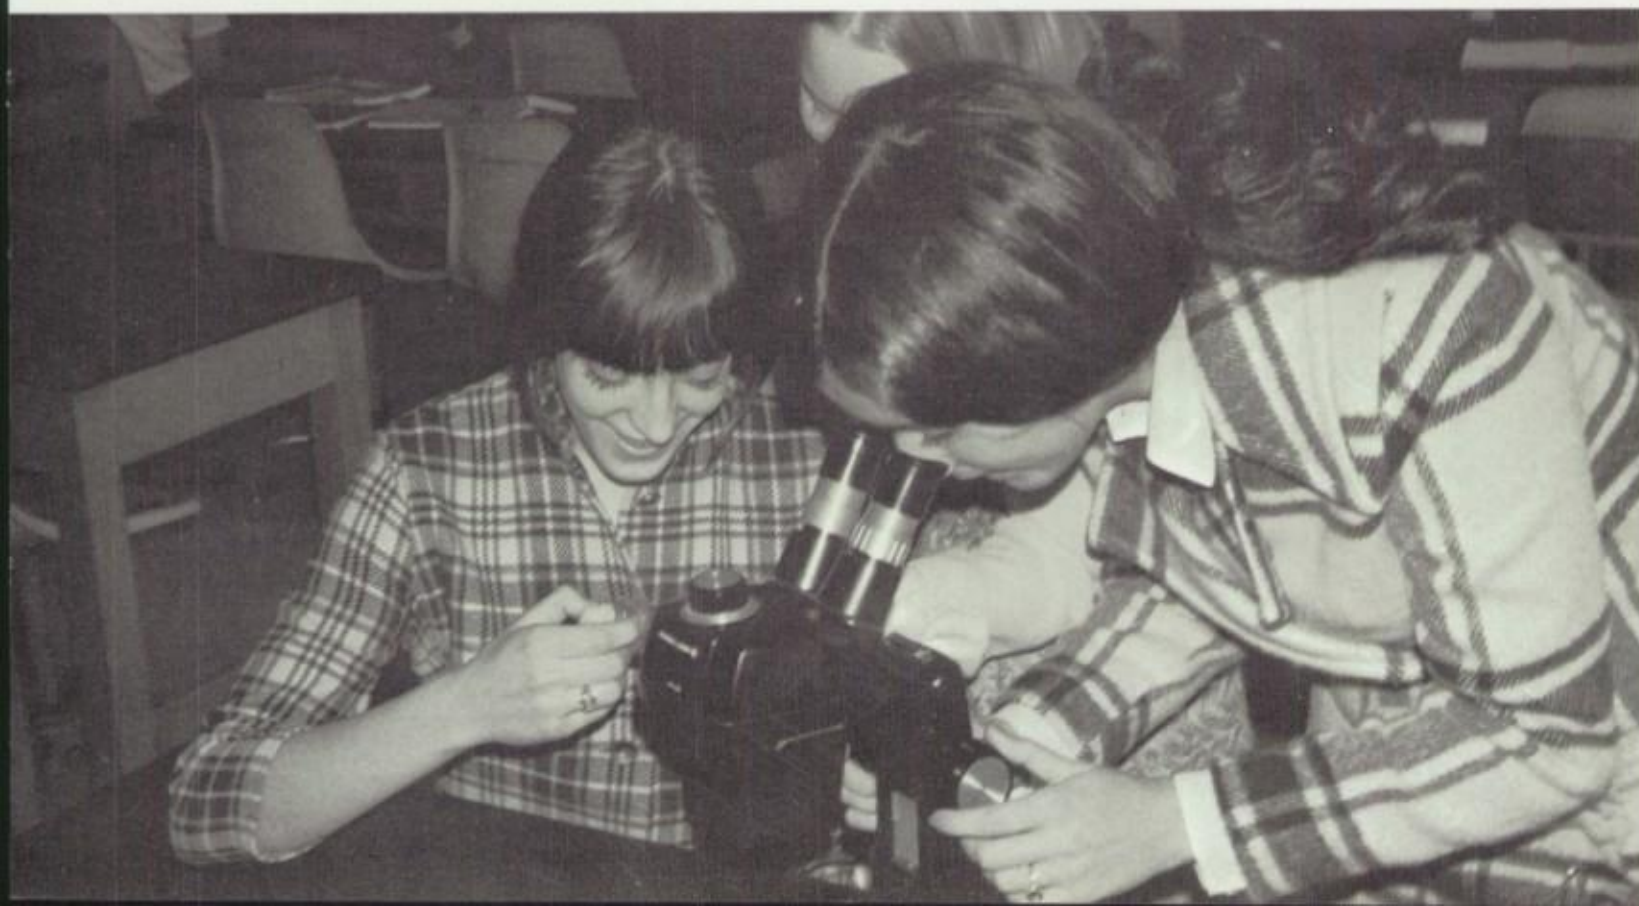

Science teaches organization of facts into meaningful relationships.

The world is knocking hard on a door, beyond that door lie the answers to grave problems; a cure for cancer; an effective anti-missile missile; agricultural improvements; and advantageous uses of the atom, to name a few. The door is that of science, and the men searching for the answers are not only the great scientists of today, but also, each Spartan who has ever had the curiosity to seek the answer to a question of science.

Pleasant offers its students an opportunity to obtain a

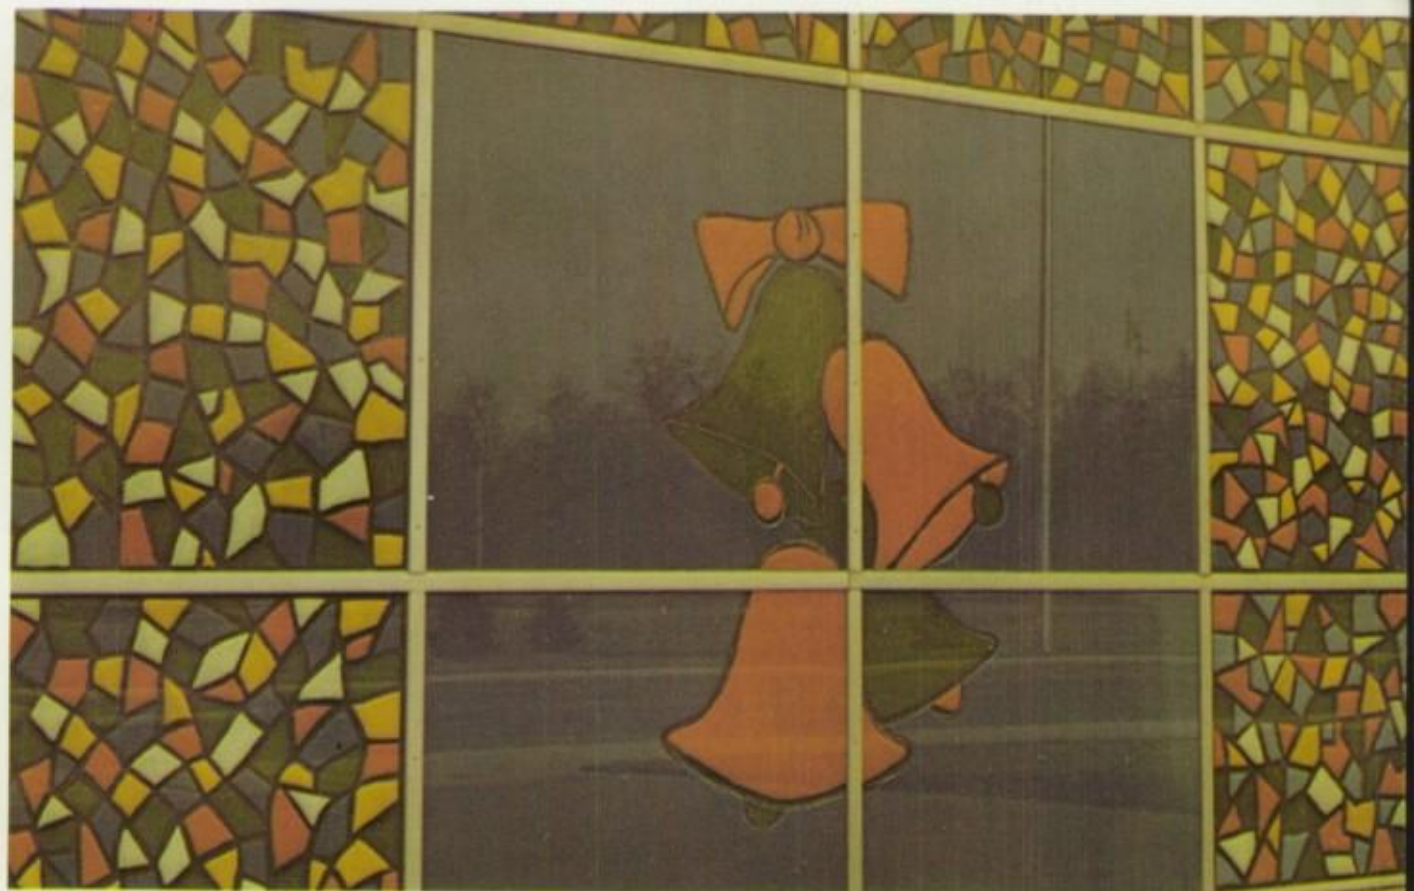

taste of each of the principal sciences: biology, chemistry, and physics. Through biology, students evolve a theory of the origin, development, structure, and functions of plants and animals; through chemistry, an understanding of the composition of substances; and through physics, a knowledge of the phenomena of matter and energy and the physical changes in matter. Through this study and the laboratory work which changes the printed facts to reality, Spartans can join in attempting to open the door.

In our industrial arts classes we endeavor to train the hands as well as the mind. Within the walls of the industrial arts building, boys or young men are learning to make a piece of wood or leather come alive and take form. Beauty must not be lost in this

world of automation. The purpose of art is that of inspiring people not merely to look, but to see into the life of things. The art department, under the leadership of Sally George, believes that creativity should be a facet of every student.

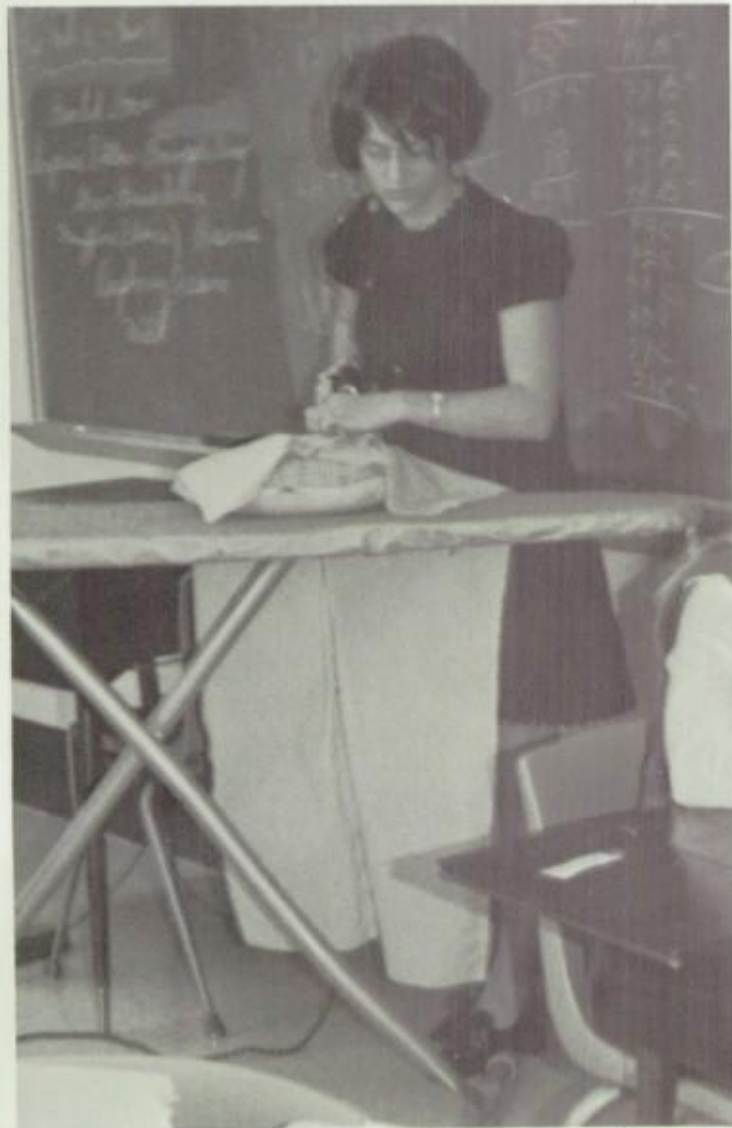

Vocational Arts honored

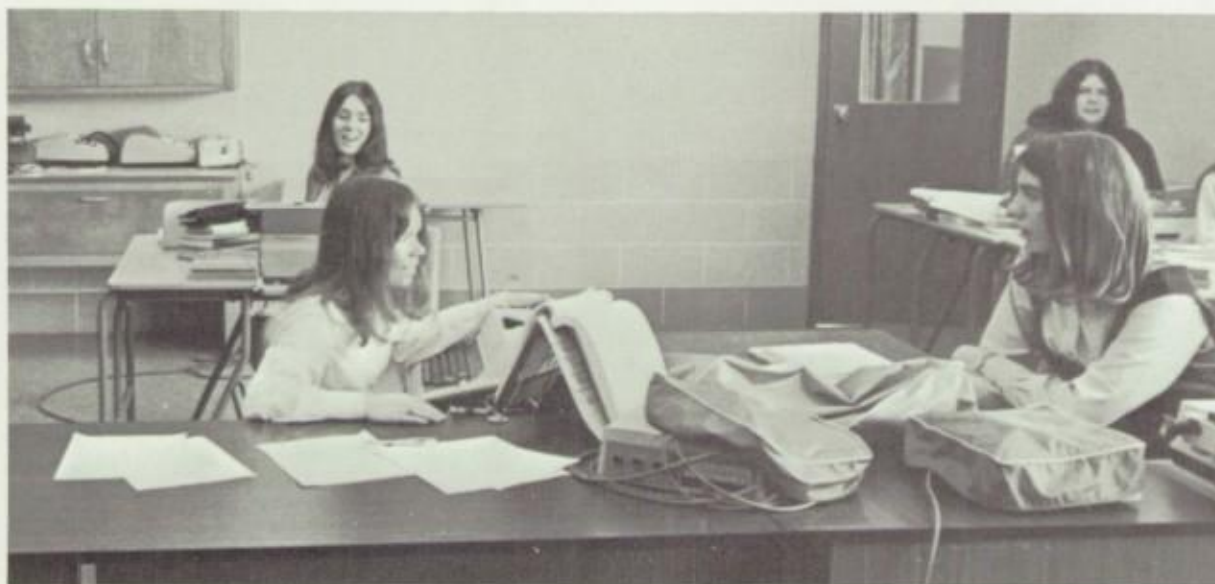

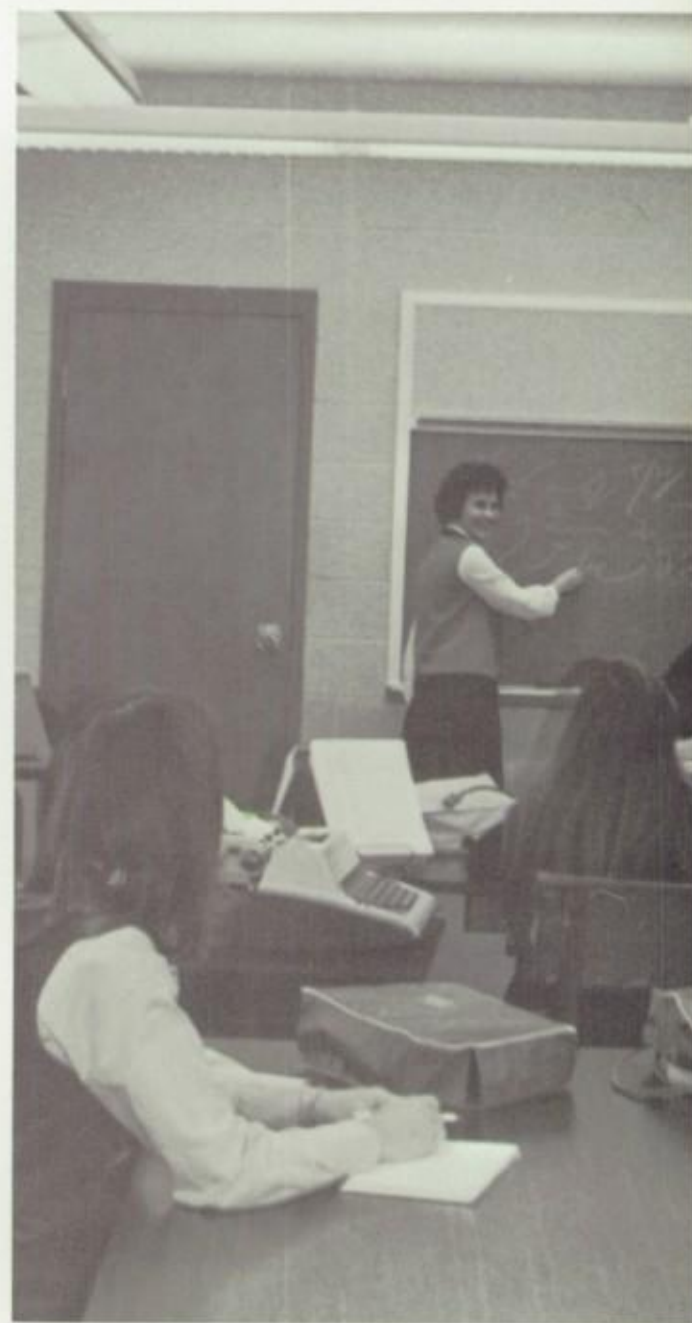

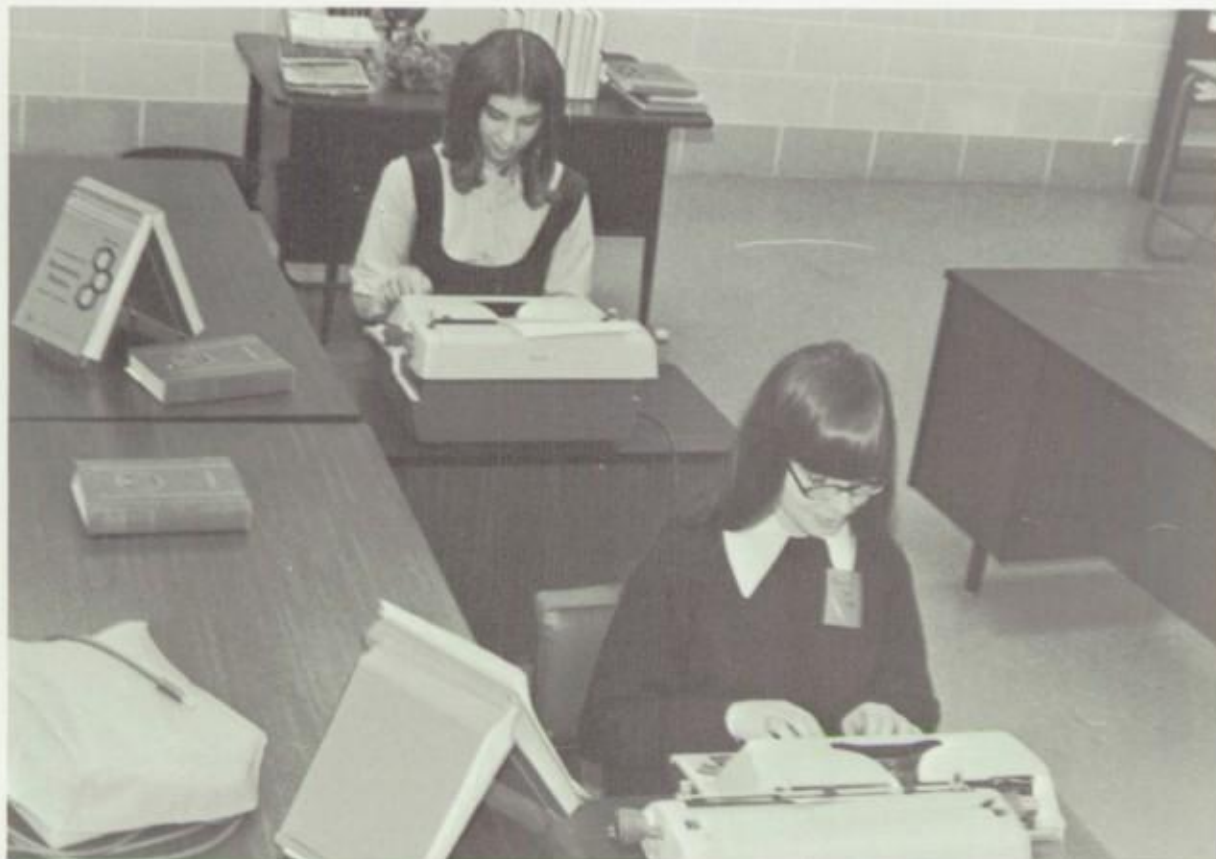

The Home Economics and Business departments are often overlooked when it comes to praise. In the Home Ec. department the students are taught all of the fine arts of homemaking and how to better prepare themselves for future life. They learn the arts of sewing and many of the girls make their own clothing. They are also taught the proper etiquette and grooming necessary to perform the roll of a good homemaker.

The goal of the business department is to train students for skilled employment in the commercialized world. College - bound stu-

dents can help finance their education by acquiring skills necessary for good-paying jobs, Accounting, notehand, and personal typing complete the courses offered outside the office block. Field trips, movies, speakers, and an atmosphere where LEARNING IS FUN prevails in both departments. Conscientious students and professional freedom make this possible.

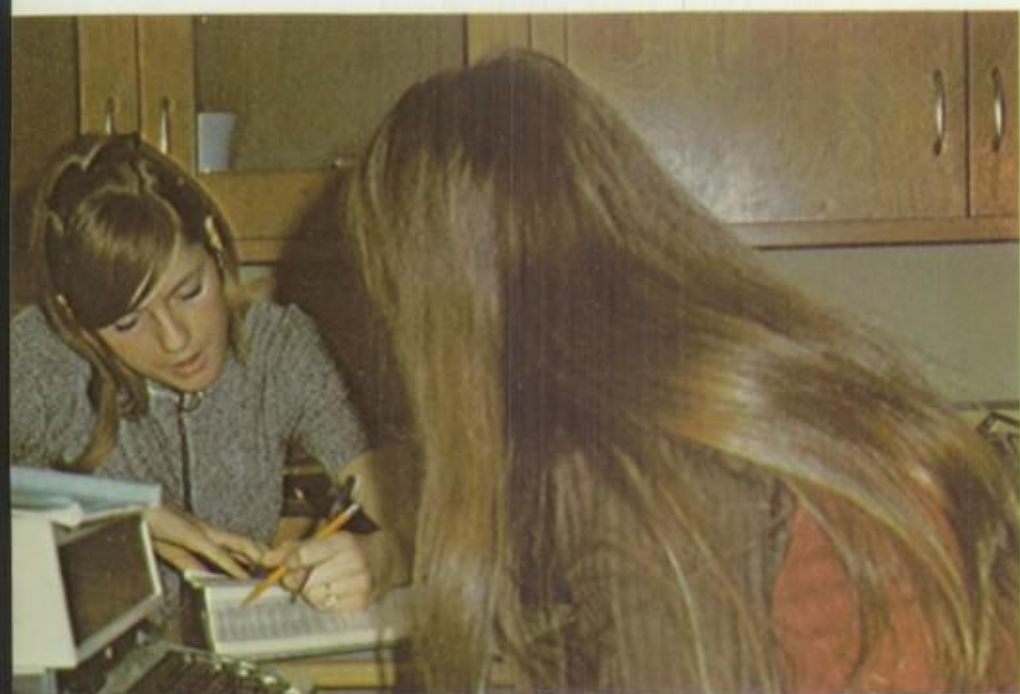

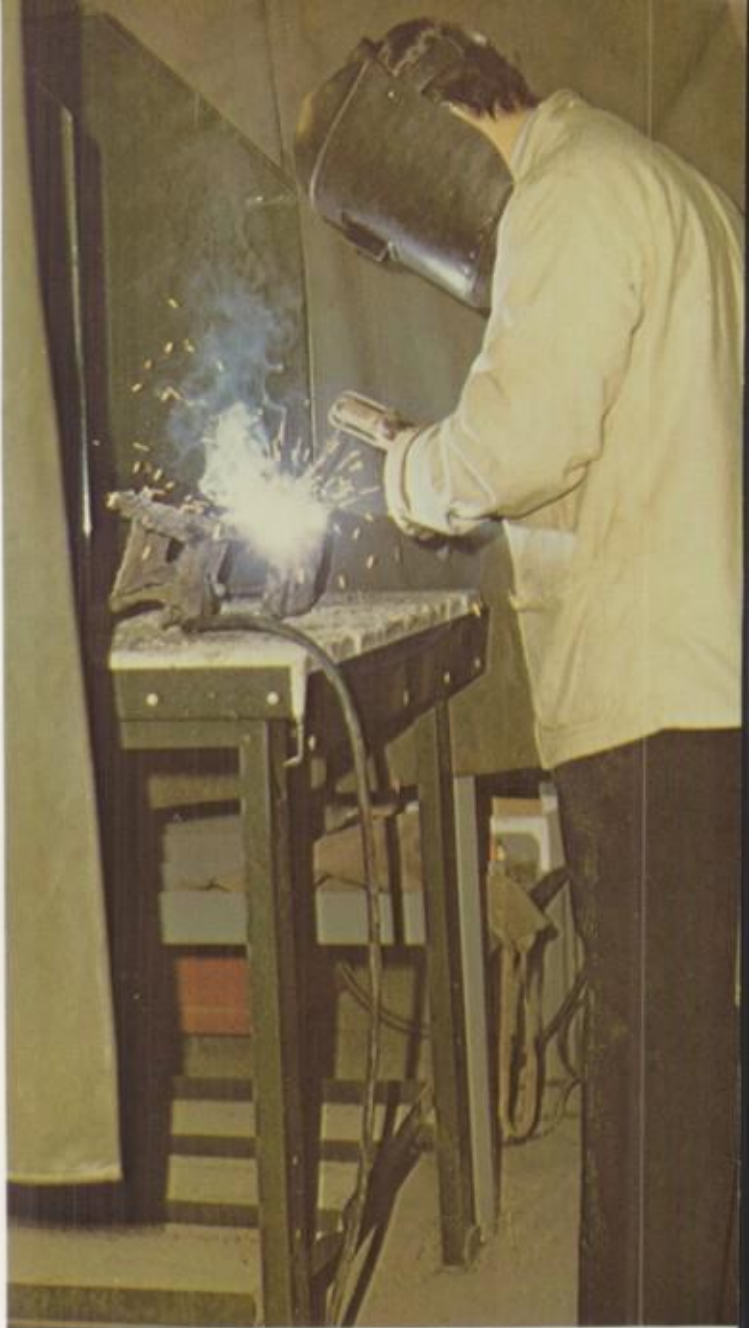

Thanks to a superintendent who places great value on classrooms aids, both the Home Ec. and Business departments have the most modern appliances and office equipment available.

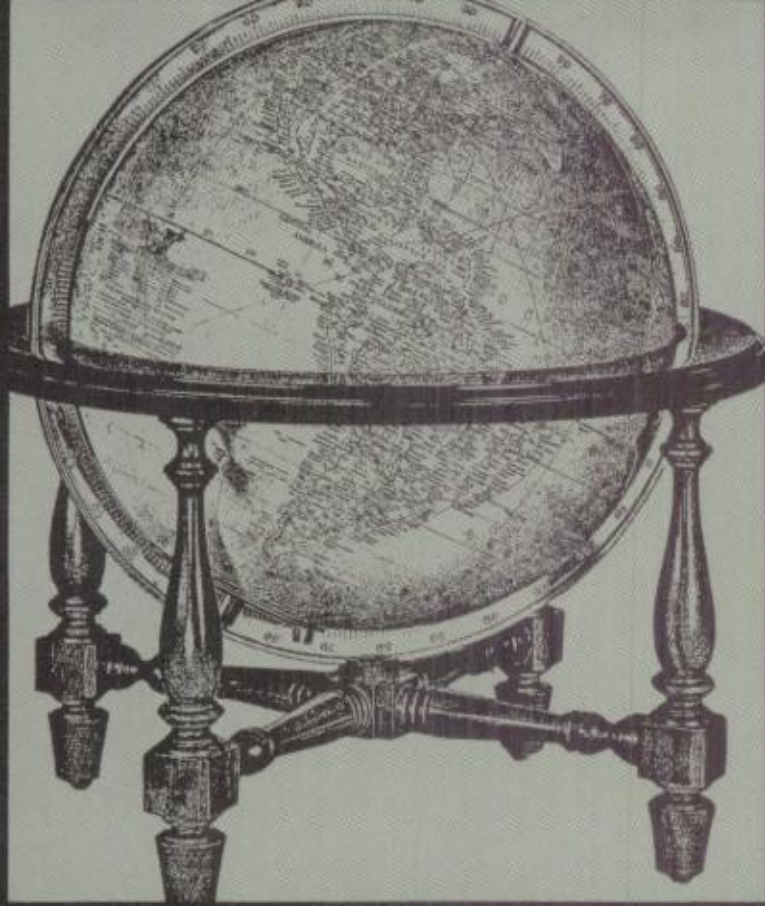

NOW IS THE TIME FOR ALL YOUNG PEOPLE TO COME TO THE AID OF THEIR MINDS. How well is education today preparing the high school student for his future, whatever it may be? The KEY has attempted to answer this question in the 71 edition. Teachers, administrators, and students have helped by giving their ideas. With these ideas in mind I have tried to cover in the previous special feature pages most of the areas in which the student gains such preparation. Certainly, these pages reveal that high school life does play a significant part in preparing the student for a rewarding future.

As an organization, G. A. A. offers a wide variety of activities for all athletically minded high school girls. This year the girls participated in ring toss, volleyball, ping pong, badminton, and bowling.

During the year, members

of the Bird Herders traveled to Killdeer Plains Wildlife Area in an effort to learn more about the characteristics of different birds. Members of the organization participated in the national bird count.

ATHLETICS

Gridders take 18 straight, secure 2nd straight NCC

Stretching their victory spree to 18 games, the Pleasant Spartans ended the 1970 football schedule with sole possession of the North Central Conference Crown for the 2nd consecutive year and a 5th place rating in the statewide polls.

Being the first team in the NCC history to produce two consecutive 9-0 records, the

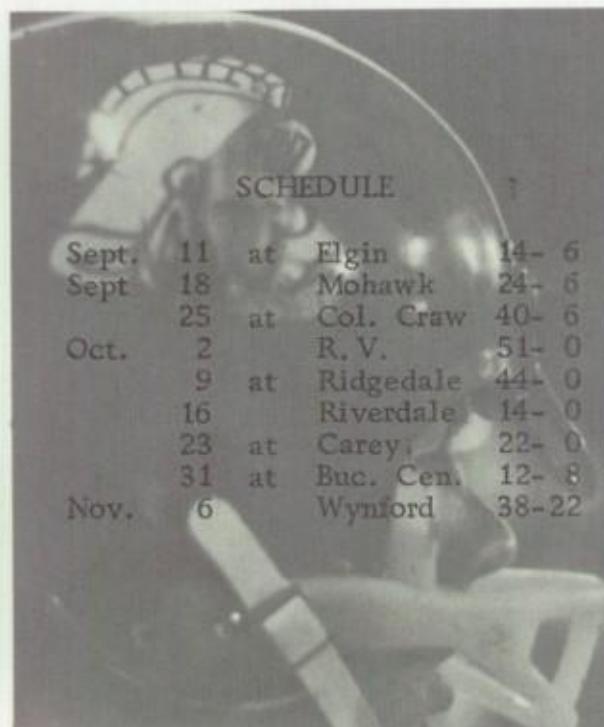

Spartans climbed into the number 1 Class A poll position for three weeks, only to drop the last two weeks into 5th.

Having 11 backs entering the scoring column, Pleasant's offensive marched to 2923 total offensive yards, an average of 320 yards per game. The offense also led the conference in total points-259.

UPPER: The road to a tremendous season is not all glory but must be accompanied by pain and sacrifice.

RIGHT: Post-season exuberance was focused mainly around Coach Kay and his successful formula.

PHS ranked no. 1 in State, conclude season in 5th slot

Although the innumerable aches and pains of a football season may seem useless during the season, no one will question the worth of a successful team once the schedule is completed.

The long, grueling practices, although seemingly unbearable, more than paid off in producing the most successful grid-team at Pleasant. During

the games, it was obvious to the loyal Spartan fans that 100% efforts by every player was the principle factor for the undefeated season.

Of course, no team can begin to be successful until it has a coaching staff which offers both the desire and ability to create a successful athletic squad.

Evading tacklers helped the offense to many extra yards and eventually scores.

UPPER: Speed and agility were a major asset to all members of the backfield.

Effective individual performances were essential to capture the win over Ridgedale.

A. Although sometimes hard, the offense could always manage innumerable first downs throughout a victory.

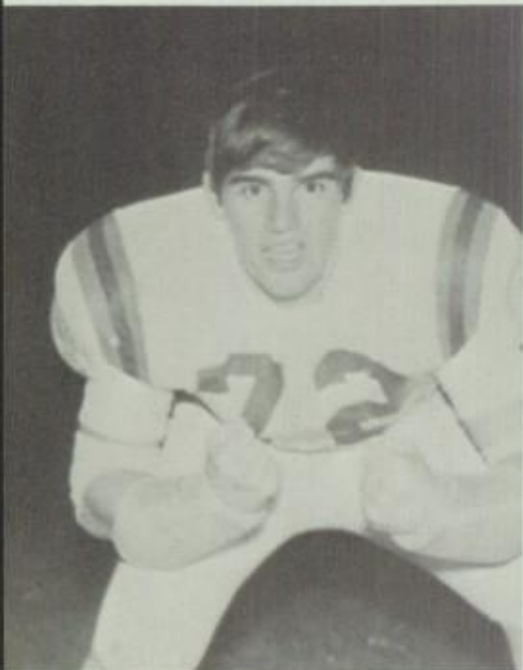

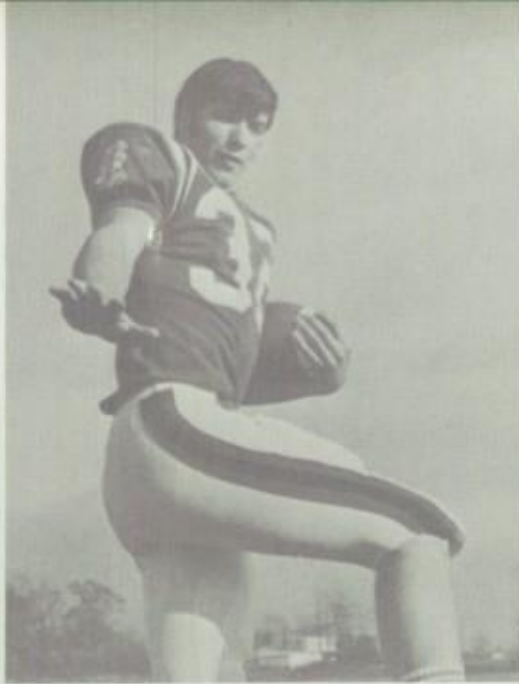

B. Goal-line defense was a skill seldom needed throughout the season.

C. Sophomore Max Midlam was more than adequate to fill in injured captain John Almendinger's half-back position.

D. Senior Mike Deskins was responsible for much of the yardage gained each game.

E. Halting the Comet offensive was a major factor in the Elgin victory.

Seniors pace '70 Spartans to better, greater heights

Creating a solid base for a highly successful team, the seniors contributed a large portion of the experience, leadership, and sacrifice necessary for an undefeated schedule.

A time to reflect on one's goals and achievements of the past year, the banquet was highlighted by the Cleveland Browns' Milt Morin's inspiring talk on athletics and personal satisfaction. Other presentations included the awarding of the WMRN rotating trophy and

individual letters to members of the team.

During the post-season honorary team selections, juniors Rick Lawson and Kevin Granger along with seniors Mike Deskins, Paul Raulin, and Dave Biggerstaff comprised the contingent from PHS on the All-Conference squad.

Spartan spirit soars, good-sportsmanship seen

Cheering for the Spartans turned into a full time job this year.

Planning pep assemblies, practicing cheers, and decorating the halls became part of everyday life at PHS.

At the start of the year the cheerleaders held a "meet-the-

team nite" to introduce the players. Following the football season, the cheerleaders and Pep Club began practice for the basketball season.

Performing at all home games, the Pep Band and Pep Club, helped the cheerleaders to boost the spirit.

Cagers seize tie for NCC, take 2nd in state tourney

Capturing a three way tie for the North Central Conference crown, the Pleasant Spartans traveled to the Class A state finals in St. John Arena to conclude a great season in a distinguished manner.

Being the only county school ever to secure a state final basketball berth, Pleasant

been considered by some to have a monopoly on winning.

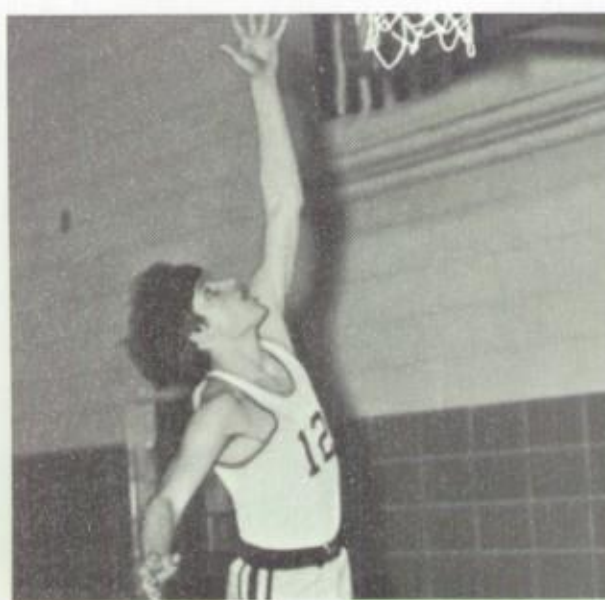

Pleasant averaged 69 points per game compared to 61 points for the opponents, thus producing a 21-5 season mark. Another key factor to the team success was a superior 44% FG compared to 40% for the opposition.

Spirited Frosh support their team.

Freshman Class intrigued with all the high school activities.

The high school provided many new experiences for the new-comers to the school. After the few hectic weeks of adjustments, the freshman ac-

tively participated in the numerous events of the school. Among these were pep assemblies, intramurals, and the various clubs.

Jr. High Sports supply competition and good sportmanship

Learning the basics of football, basketball, and track, the Junior High boys tackled many opponents during the year. Although not successful in every encounter, the boys learned the tremendous benefit of sportsmanship and fair play.

The boys were led by Mr.

Wilcox and Mr. Lichtenburger in football; Mr. Click and Mr. Rush in basketball; Mr. Stose in track. All in all, the boys prepared themselves for the championship teams of the future in their High school career.

In physical education many different phases of the course are covered by the student teachers. Games such as basketball, kickball, dodgeball, and baseball are played by both girls and boys alike. Along with calisthenics, tumbling develops coordination to a high degree in younger children. Tumbling can also teach a child how to fall so that a serious injury could be avoided if he knew how to do it properly. Physical education also disciplines children in taking turns and obeying orders.

FACULTY

ABOVE: School board members, Mrs. Grace McMurray, Mr. Wm. Payette, and Dr. D.H. MacPherson, discuss school guidelines and bond issues.

High school principal, Mr. Jim Midlam, works hard at preparing each students schedule.

ABOVE: Being in charge of three school buildings is quite a responsibility for Pleasant superintendent, Mr. Joe Short.

Newly appointed Dean of Women, Mrs. Carolyn Heine, studies new rules.

School board members are (L. to R.) Mr. Joseph Short, Mr. John Lawrence, Mr. Robert Bush, Mrs. Grace McMurray, Mr. William Payette, and Dr. D.H. McPherson. Absent from picture is Mr. Gordon Eichorn.

Well-qualified administrators work closely with students

With the addition of the Dean of Men and the Dean of Women, high school principal, Mr. Paul James Midlam, was able to devote more time for scheduling, extra curricular activities, and athletics.

The newly appointed Dean of Women, Mrs. Carolyn Heine, and the Dean of Men, Mr. Don Kay, saw to the disciplining and guidance of the students.

School superintendent, Mr. Joseph Short, and the school board worked closely throughout the year on bond issues, curriculum, employment contracts, and student problems.

The school board also passed a resolution this year to combine baccalaureate and commencement exercises on the same day.

BELOW: Mr. Joseph Short and Mr. James Midlam discuss the problems of the day.

Disciplining is the chief job of the Dean of Men, Mr. Don Kay.

High school secretary, Mrs. Ester Shroats, keeps a pleasant air about her as she works.

Qualified school employees make high school duties function smoothly

Taking care of the school's bills, student records, absences, and telephone calls are the jobs of high school secretary, Mrs. Ester Shroats. Along with students who serve as office workers, Mrs. Shroats keeps the office running smoothly and takes care of any problem she is con-

fronted with.

For the past seven years, school clerk, Mrs. Grace McMurray, has taken care of the records of all bills and currency coming into the school for all the buildings. She also takes notes for all the monthly meetings of the school board.

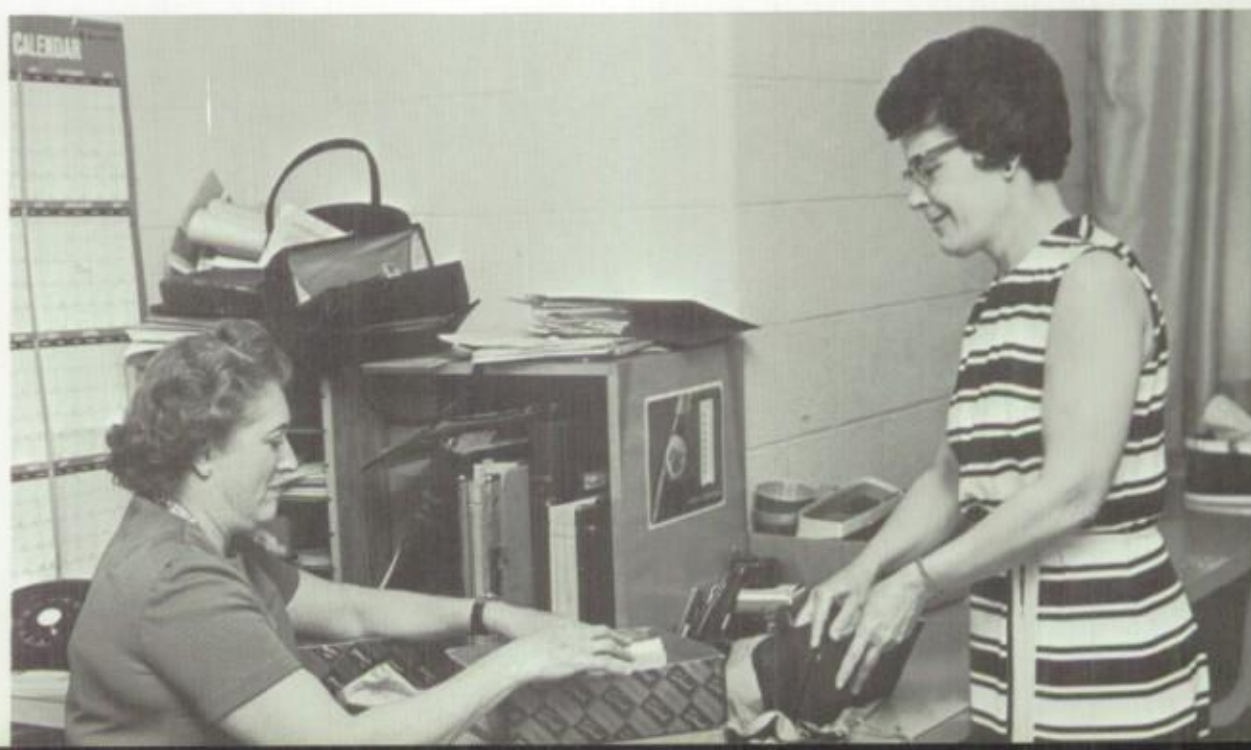

ABOVE: Having efficient office workers like Jill Foos, Renee Williamson, Lynn Lawson, and Joan Keith make the daily routine run more smoothly.

Plenty of paper work keeps Mrs. Grace McMurray, clerk, busy.

BELOW: Counting money is the noon task for Mrs. McMurray and Mrs. Shroats.

Different languages broadens student's minds

This year, as in the past, three other languages were offered besides English. They were Spanish, French, and Latin. First and second years were offered in Spanish and Latin. For the students interested, a third year was offered in French. Mrs. Barbara Callahan, Mrs. Marion Gemmill, and Mrs. Jane Peacock try their

best in teaching English. Miss Kile teaches the basis of the English language, Latin. Mrs. Heine creates the feeling of Paris by teaching French. Mr. Cheney brings out the beauty of another language, Spanish. All of these languages are important to the college bound student.

ABOVE: Translating Caesar keeps Miss Emily Kile's Latin classes busy.

Mrs. Marion Gemmill emphasizes poise in her speech class.

BELOW: Teaching psychology this past year is a new field for Mrs. Jane Peacock.

Teaching physics, chemistry, and Algebra II makes up Mr. Merton Porter's day.

Mr. Robert Gucker shows student Connie Seiter the heart in Biology I.

Science and Math teachers prepare students for future

One of the biggest accomplishments in the science and math departments this year was the fact that three students attained superiors in the state science fair. With the help of Mr. Merton Porter, physics, chemistry, and algebra II teacher, over 80% of his physics class received superiors in the local fair. Mr. David Cheney, earth and general science teacher and Mr. Jerry

Newell, advanced and senior math teacher, both helped to motivate their students with projects and also acted as judges. Mr. Robert Gucker, advanced and general biology teacher, took his classes on field trips throughout the year. Other teachers in the department are Mr. John Kile, general science and math teacher, and geometry teacher, Mr. Stanley Kirby.

A chapter on birds is included in the study of both biology classes.

Algebra II teacher, Mr. Merton Porter, explains logarithms to his students.

LEFT- Spanish teacher Mr. David Cheney also teaches general science.

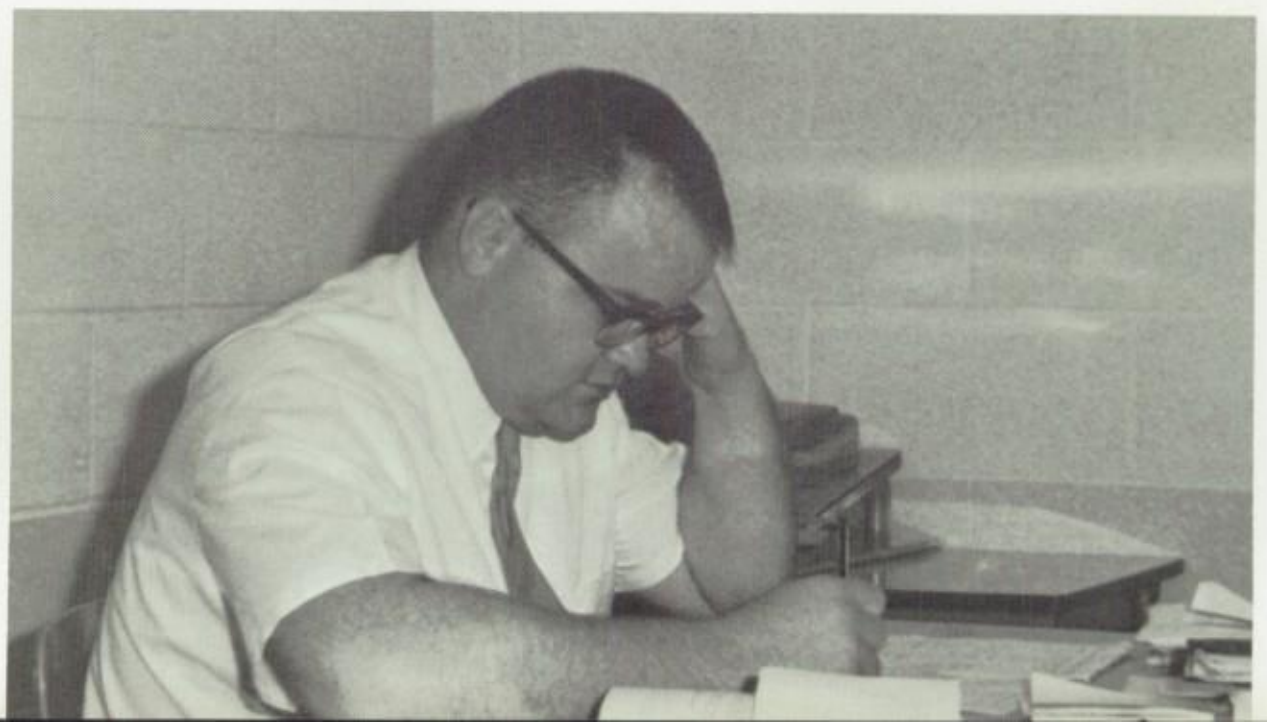

A. JOHN KYLE
B. JERRY NEWELL
C. MERTON PORTER
D. STAN KIRBY
E. ROBERT GUCKER

Besides teaching advanced math, Mr. Newell teaches Algebra I.

Besides coaching his basketball team to state competition, Mr. Stan Kirby teaches geometry.

BELOW: Mrs. Betty Adams keeps her classes interested in tennis, volleyball and gymnastics.

BELOW: Teaching famous paintings and artist make Mr. Smith's class more interesting.

Mr. Don Kay takes time out from one of his physical education classes.

Phys. Ed, history, art, and music courses round out curriculum

Art classes, taught by Mrs. Sally George, provide all posters and other items needed for activities. Art is also taught by Mr. Smith as a twelve week course included in world history.

BELOW: Maps and movies aid Mr. Smith in teaching American history.

He also teaches all the juniors American history. The physical education classes are taught by Mrs. Betty Adams and Mr. Don Kay. The marching and concert bands are directed by Mr. Dan Mitchell.

BELOW: Scheduling a student's class is Mr. Barnes' job.

Ordering and cataloguing books is a year long job for Mrs. Bernow.

BELOW: Mr. Guerdon Barnes assists Carol Cheetham in important college decisions.

"What is it?" is Mrs. George's reply to this piece of art.

This year's entire band shared Mr. Mitchell's enthusiasm for music.

Preparing girls to be future homemakers is the job of Mrs. Busch.

With the help of Mrs. Hines, girls in commercial prepare for secretarial careers.

Business management is one of the courses which Mrs. Allen teaches.

Vocational arts help prepare students' future

The business subjects, taught by Mrs. Beverly Allen and Mrs. Rosemary Hines, prepare girls for future secretarial jobs. Subjects include shorthand, notehand, typing, general business, and adding machine practice. Future homemaking is taught by Home Ec. teacher, Mrs.

Lavina Busch. DCT advisor, Mr. Steve McGuire, assists students in getting a job and an education at the same time. Occupational Education teacher, Mr. Joe Morman, also assists students in getting jobs. Mr. Don Sherer and Mr. Tom Stose have the duty of preparing boys for futures in industrial arts.

LEFT: Mr. Tom Stose demonstrates to his students the art of spray painting.

Principals, secretaries, librarians, teachers create setting in jr. high

With new developments being made every day, science teachers Mr. Sperry and Mr. Keeran have learned to keep on top of them. Math, too is a never ending field for Mr. Rush and Mr. Click. The sec-

retaries, Mrs. Smith and Mrs. Phillians are kept busy with their endless paperwork. Librarians Mrs. King and Mrs. Latimore are always finding new and exciting books for students.

Jr. high librarian Mrs. King finds working with books a pleasure.

Mrs. Smith, jr. high sec., makes many calls a day.

Mrs. Phillians, elem. sec., has plenty of typing to do.

Jr. high principal, Mr. Wilcox, smiles at the break in his work.

Mr. Hunt, elem. principal, keeps busy with paper work.

Librarian Mrs. Latimore finds herself surrounded by books.

Mr. Click peacefully awaits his next class.

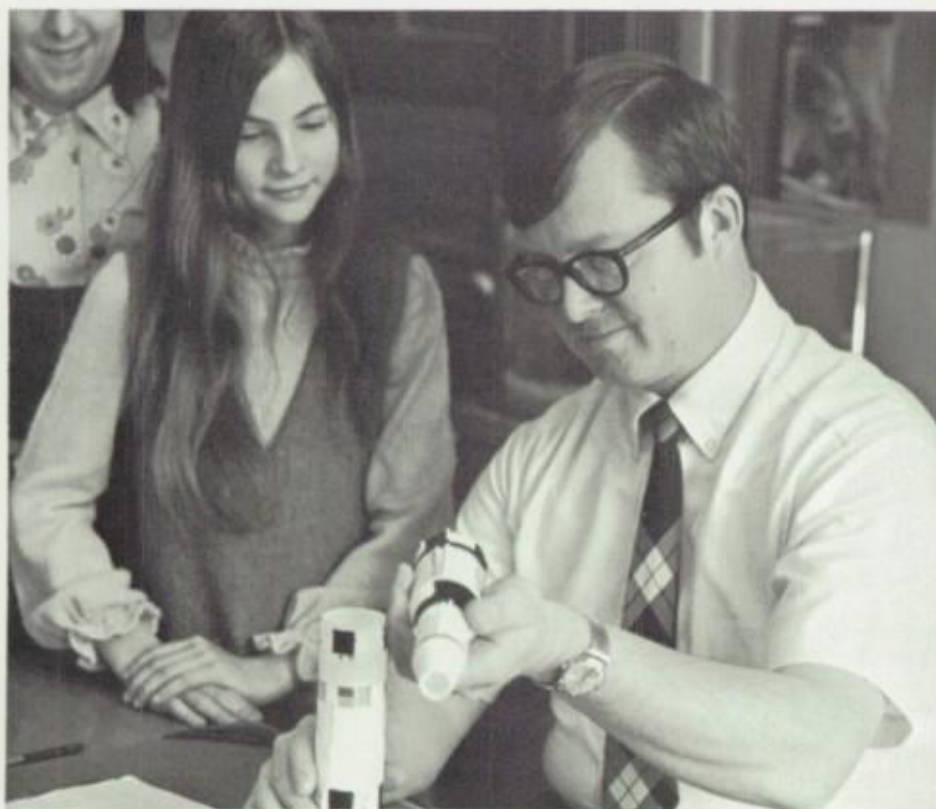

Math teacher Mr. Rush prepares his next assignment.

LEFT: Mr. Coffman relaxes as he teaches seventh grade math.

BELOW: Science teacher Mr. Keeran explores space with one of his students.

BELOW: Mr. Sperry teaches about the different functions of the human body.

History, English, home economics, music keep students busy

Handling English in the junior high are Mrs. Adelsperger and Mrs. Dendinger, Music interests are taken care of by Miss Kellenberger and Mr. Toms. Mrs. McMillon, Mr. Covert, and Mr. Holman teach social studies and history.

Mrs. Zug prepares her girls in home economics for the future. Mr. Lichtenberger teaches seventh grade science as well as coaches. Mrs. Barbey is in charge of the reading center.

English teacher Mrs. Adelsperger finds word usage important.

Mrs. Dendinger, English teacher, comes in contact with all seventh and eighth graders.

Mr. Lester Covert posts articles to keep his sixth graders interested.

Mr. Holman smiles as students learn.

Mrs. McMillon gladly helps one of her students.

Happiness is Mr. Charles Toms directing a band.

Sewing instruction is one of Mrs. Zug's favorite things.

Coach Lichtenberger relaxes between physical education classes.

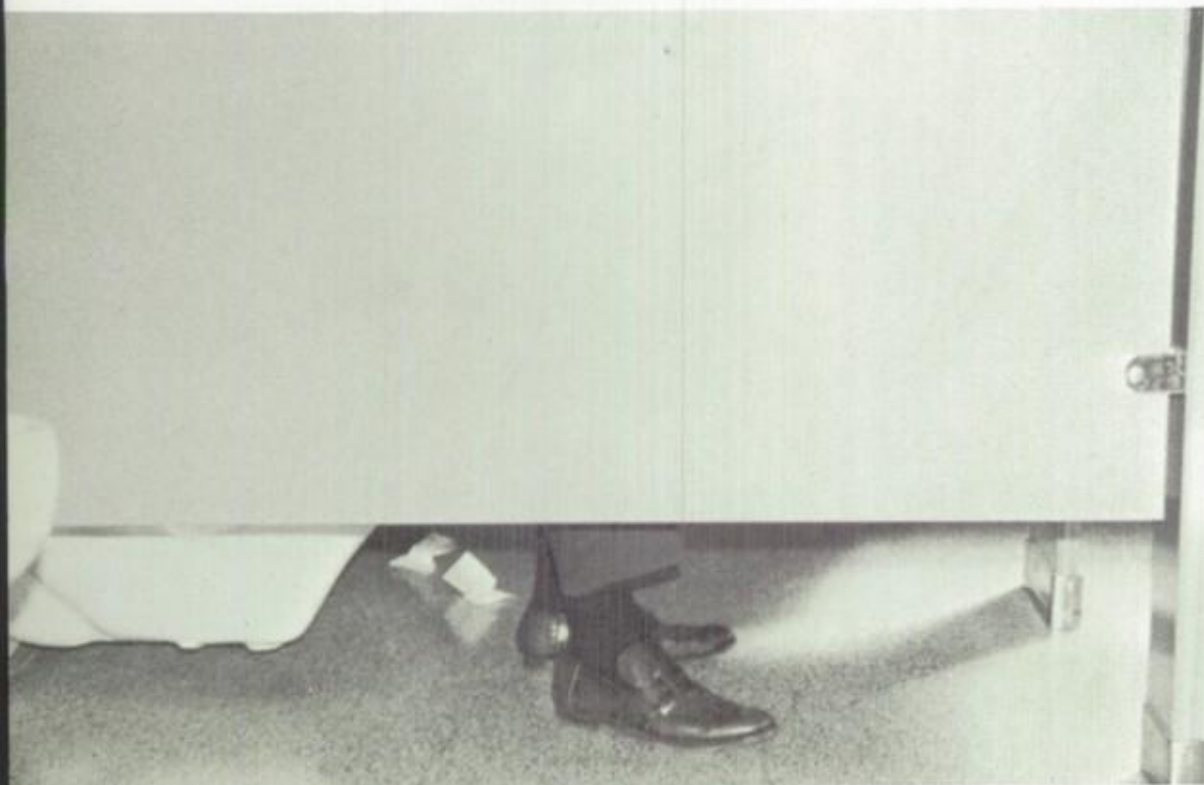

Elementary music is made fun by the instruction of Miss Kellenberger.

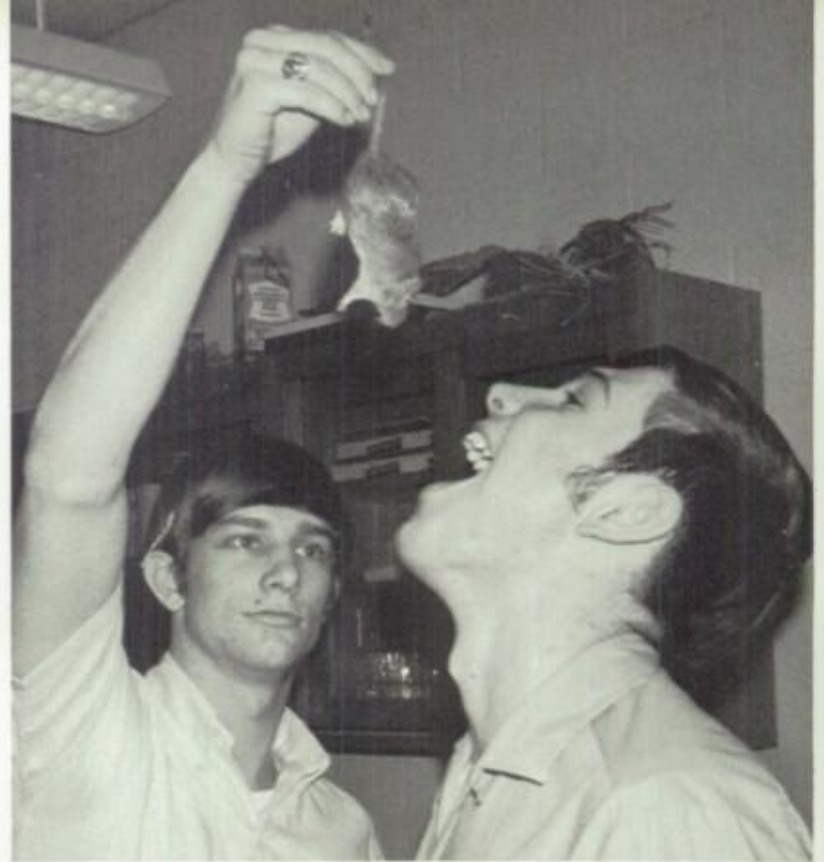

Mrs. Barbey helps to improve student's reading problems.
